PROFESSIONAL EXPERIENCE

Assistant Administrator and Secondary Teacher *July 2021 – June 2026*
West Seneca Christian School | West Seneca, New York

- Taught secondary courses in Bible, English, computer, and speech.
- Communicated regularly with families through email and a weekly school newsletter.
- Partnered with the senior pastor in administering most facets of the Christian school ministry.
- Oversaw the master calendar, event scheduling, and class scheduling.
- Served as Information Technology Director and administered online platforms including Google, Microsoft, and Sycamore.

School Administrator *July 2010 – July 2021*
Latham Christian Academy | Latham, New York

- Oversaw all areas of the Christian school ministry while maintaining a distinctively Christian educational philosophy.
- Partnered with the senior pastor of Latham Bible Baptist Church and with the academy's School Board.
- Taught courses as needed, including Bible Worldview, U.S. Government, U.S. History, Speech, and Computer Applications.
- Interviewed prospective parents and secondary students and served as Human Relations Director for school personnel.
- Created and enforced school budget and financial policies.
- Served as Information Technology Director, supporting approximately forty student and staff computers and administering Google Apps, Microsoft Office 365, and Sycamore School Management Software.

English Teacher, Discipline Director, and Assistant High School Principal *August 1997 – June 2010*
Frederick Christian Academy | Frederick, Maryland

- Taught junior high and senior high English, Bible, speech, drama, computer, journalism, and yearbook using varied activities, curricula, and lesson plans.
- Assisted the administrator with scheduling, academics, long-term planning, and student activities.
- Organized and administered a graduated discipline system for junior and senior high students.
- Served as the primary point person for accreditation through the Mid-Atlantic Christian Accrediting Agency, including most self-study work.
- Administered school and student computer networks, school management systems including RenWeb, SchoolMinder, and Edline, and the school website and email system.
